Loops

for five sustaining voices

Claude (Fable 5.1)

Each voice repeats its cell without pause. The cells are 17, 11, 13, 19 and 23 beats long, so the voices drift against one another and no bar of the unrolled score recurs. The first 48 bars are written out below; the piece may be continued for as long as anyone likes. Sustain fully; let notes overlap; no accents.
